KEEPING YOUR CHILD SAFE
The YMCA has implemented the following safety and cleaning protocols for your family, child and our staff’s safety:
- Parents/guardians will check in and pick up children outside of child care rooms.
- Parents/guardians will need to confirm health statements prior to sign-in.
- All children will be subject to contactless temperature checks.
- Any child exhibiting signs of illness cannot be accepted.
- Face coverings for childcare participants are required during check-in, check out, and only during times when social distancing cannot be maintained. Children can wear a face covering at all times if directed to do so by their caregiver.
- Employees will clean surfaces using soap and water or EPA approved cleaning products, then use disinfectant.
- Cleaning schedules are based on a routine cleaning of frequently touched surfaces, plus regular on-going cleaning, mid-day and end of day cleaning of high touch surfaces.
